

# PalPharmAssist™

## Pneumatic Engineered Static Lifting Systems for Bespoke Process, Maintenance and Electronically Classified lifting Applications

Enhance process efficiency with PalPharmAssist™ pneumatic lifting systems. Ideal for bespoke applications, these systems offer precise handling of components, ensuring cleanliness and compliance in pharmaceutical and classified environments.

### Product information

#### Typical applications:

- ✓ Removing process components for cleaning and re-validation between batches
- ✓ Feeding product into a process vessel
- ✓ Docking split butterfly valves together with minimal downward force on the receiving half of the valve or the supporting structure
- ✓ Excellent for low headroom applications such as clean rooms, containment booths, removing components from process vessels
- ✓ Handling requiring a reach or a cantilever into a recess
- ✓ Handling a large range of drum sizes and weights for a pallet to pallet transfer application with a vacuum end effector

FORMERLY  Palamatic

### Features and benefits:

- Require only a clean, dry, oil free compressed air supply
- Vertical or horizontal pneumatic cylinder
- Cable winch mounted internal of SS316 cabinet
- Rigid manipulator arm up to 4m
- FDA approved gasket on all suction feet
- Low noise levels and easy maintenance complete with a two year warranty and validation documentation ensures a quality handling solution.
- Suitable for ATEX environment to Zone 1/21 T4 with documentation.

## Gantry Options

- ✓ **Floor Mounted** - Fixed in place by resin anchor bolts
- ✓ **Ceiling Mounted** - Ideal where operational space is limited
- ✓ **Wall Mounted** - Ideal where operational space is limited
- ✓ **Mobile** - Portable systems for operational convenience

## End Effector

- ✓ **Drums** - For drums and kegs, multiple option available
- ✓ **Boxes & Cartons** - Available in multiple sizes to suit application
- ✓ **Side Lift** - Ideal for the loading and unloading of metal, plastic and cardboard drums
- ✓ **Hook** - Suitable for removing components from vessels

## Why Trust Palamatic For Quality Material Handling Equipment?

Rely on Palamatic for top-tier material handling equipment and an unwavering commitment to quality and innovation. With a track record of delivering exceptional solutions, we stand out as a trusted provider in the industry.
